CONNECTING THE DOTS – INTERACTIVE WORKSHOP ON DIGITALIZATION AND CLIMATE ACTION

Capacity Building Hub Hall 4 | 04 Dec 2019 | 13:30 - 15:30

CONNECTING THE DOTS – INTERACTIVE WORKSHOP ON DIGITALIZATION AND CLIMATE ACTION

This capacity building workshop aims to bring actors with diverse backgrounds together to exchange learnings and identify where blockchain and other innovative technologies will help accelerate climate action and support the implementation of the Paris Agreement. Small moderated roundtable discussions will allow participants to dive deeply into topics of their interest and expertise. All conclusions and reflections of this session will be made publicly available.

Due to limited space, please RSVP to
Sven.Braden@climateledger.org

As part of the UNFCCC capacity-building day

Capacity Building Hub, Hall 4

Wednesday 04 Dec 2019

13:30 - 15:30
